## About Joshua's Camp

When a family has a child being treated for cancer, it quickly becomes a daily struggle just to hold everything that matters together. For families under such constant stress, Joshua's Camp is a very special retreat with a life-renewing mission. We offer a safe haven where everyone in the family is given the opportunity to step back, relax and experience a feeling of solid ground. Joshua's Camp is available to qualifying registered families free of charge.

The magic that takes place at Joshua's Camp unfolds at the Metropolis Resort and Hotel...the home of Action City and Chaos Water Park, one of the leading entertainment centers in the Midwest, located in Eau Claire, Wisconsin. The Metropolis Resort was designed with families in mind where everyone will be treated to fun-filled activities, including both indoor and outdoor adventures.

You also might want to think about bringing a western outfit to camp (no spurs please) because we will be heading to Trinity Equestrian to do some "Horsing Around."

Mom and Dad won't have to worry about meals while at Joshua's Camp...it's all included.

School Song	On Altoona!

*Good sportsmanship, as defined by NFHS, embodies fair play, respect, and camaraderie on and off the field. It reflects competition with empathy for opponents and officials, reminding us to uphold honesty, humility, and respect whether winning or losing. This fosters teamwork, mutual understanding, and a positive impact on the sporting community. The WIAA and School District of Altoona mandates good sportsmanship at events. Please support participants positively, as profanity, discrimination, and intimidation will not be tolerated and may lead to removal. Enjoy the game positively.*

*State laws prohibit the use of tobacco products in any area used by public schools.*

After high school, I plan to attend The University of Minnesota Duluth and play football. My favorite football memory is my pick 6 against Viroqua at Fuzzy Thurston Field. Besides football, I'm also in wrestling and baseball. Other accomplishments of mine include 10+ volunteer hours per year in high school and a 3.85 GPA/high honor roll. My football highlights include 2023 team captain, being a 4 Year Letter Winner, Varsity Defensive MVP, 2x Practice Player of the Year, and 3x All-Conference Defensive Back. My advice for future football players is go hard every practice because it definitely goes by fast! And NEVER walk on the football field!

After graduation, I plan on attending The University of San Francisco to play Division 1 baseball. My favorite football memory is throwing my first touchdown pass my freshman year against Osceola. In school, I'm in the National Honor Society and have a 3.6 GPA. Sports accomplishments for me include 2023 Team Football Captain, All-Conference in 2021, 2022, and 2023 for baseball. I am also receiving a scholarship to play Division 1 baseball next year. My advice is to appreciate all the practices and games you play with your teammates because they'll be over before you know it.

After high school, I plan to attend Florida Atlantic University pursuing a degree in Sports Management. My favorite football memory is the storm delay game vs Black River Falls, the pre-game locker room was hyped after waiting around for hours, and then we got the dub. I also love to hunt and fish, play sand volleyball league, and I used to play basketball. I have earned a Varsity letter all years playing high school football. My advice to future football players is don't argue with your coaches, listen and move on.

After high school, I plan to attend college. This is my first year playing high school football. My favorite football memory was attending the Wisconsin Badgers' spring game. Outside of school, I volunteer as a Miracle League buddy. My advice for future football players is to work hard, listen, have fun, and be a good teammate!

SETH  
HORNBY  
#14

Upon graduation, I plan to join an apprenticeship program to be an electrician. My favorite football memory is catching and tackling a running back on a 95-yard chase down while playing Gale Ettrick Trempealeau my junior year! I would also like to try to go pro in disc golf after high school! In football I also earned All-Conference at Defensive Back my junior year! My advice for future football players is to give your all! Never hold back, because that way you never have any regrets!

RILEY  
MILLER  
#19

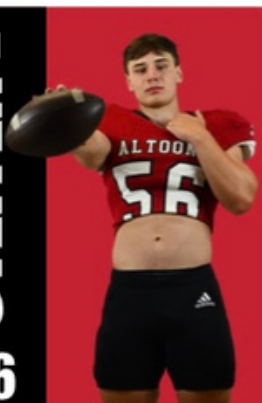

After graduation, I plan to pursue a degree in athletic training. My favorite football memory is starting in my first varsity game with my brother cheering me on from the sidelines, and then getting to see my brother get his first snaps on varsity at the end of that same game. I also have earned a varsity letter in tennis, have over a 3.9 GPA and I'm a 2-year varsity letter winner in football. My advice for future football players includes putting in the time and effort not only during the season, but in the weight room in the offseason too. Don't take for granted the time that you have to play.

AARON  
SCHEIDLER  
#30

After high school, I plan to go to college. My favorite football memory is when I was a freshman and a senior said thank you to me after I warmed the bench for him. In school, I'm also involved in DECA. My advice for future football players is DO NOT jump on defense because what if it's on two (the snap count)!

EVAN  
STEFFEN  
#56

After high school, I plan to attend college to become a physical therapist or chiropractor. My favorite football memory was the midnight game against Black River Falls. Other football accomplishments include 2023 Team Captain, All-Conference both sides junior year, 2-time letterman (freshman and junior year), Team Lineman of the Year (junior year), and 4x hog (lineman) of the week. My advice to future football players is to enjoy football while you can!

CARTER  
ZIEGLER

#65

After high school, I plan to attend Chippewa Valley Technical College for business management and continue working at CCF Bank. My favorite football memory is being able to make a large impact on the team my junior year even though I couldn't play. Other accomplishments include being called a practice warrior and a professional eater! My advice to future football players is don't quit or years later you'll regret not playing.

ANTHONY  
BLOMBERG

#71

After high school, I plan on attending Chippewa Valley Technical College and taking the one-year electrical power distribution course, and graduating with a technical diploma. My favorite football memory is in middle school playing in Mondovi while it was pouring. Along with football, I played hockey until my junior year, I also golf and am an avid outdoorsman. In football, I've lettered since my freshman year. My advice is you get what you put into it. Even when things get hard, put in the work and you'll see the results!

DUSTIN  
DOTSON

#74

After graduation, I plan to farm. My favorite football memory is my first Friday night football game. In school I'm in Concert Choir (4 years) and Chamber Choir and Locomotion. My advice to all future football players is to play your heart out and listen to your coaches.

BENJAMIN  
ROTH

#77

After high school, I plan to go to college for business and golf a lot. My favorite football memory is getting McDonald's from random students before the Arcadia game sophomore year. Other accomplishments include a 25 on the ACT, a golfer in training, and I've received All-Conference in football. My advice for future football players is when Coach Berg tells you to do something, do it 200%!!!
